

Friday 16 February evening diversion routes

Unhelpfully, National Highways have decided to close the Botley interchange and A420 this evening (and for the whole week).

They have announced a full closure from 9pm daily, but on other evenings this week it has remained open until 10pm, so what follows may be unnecessary.

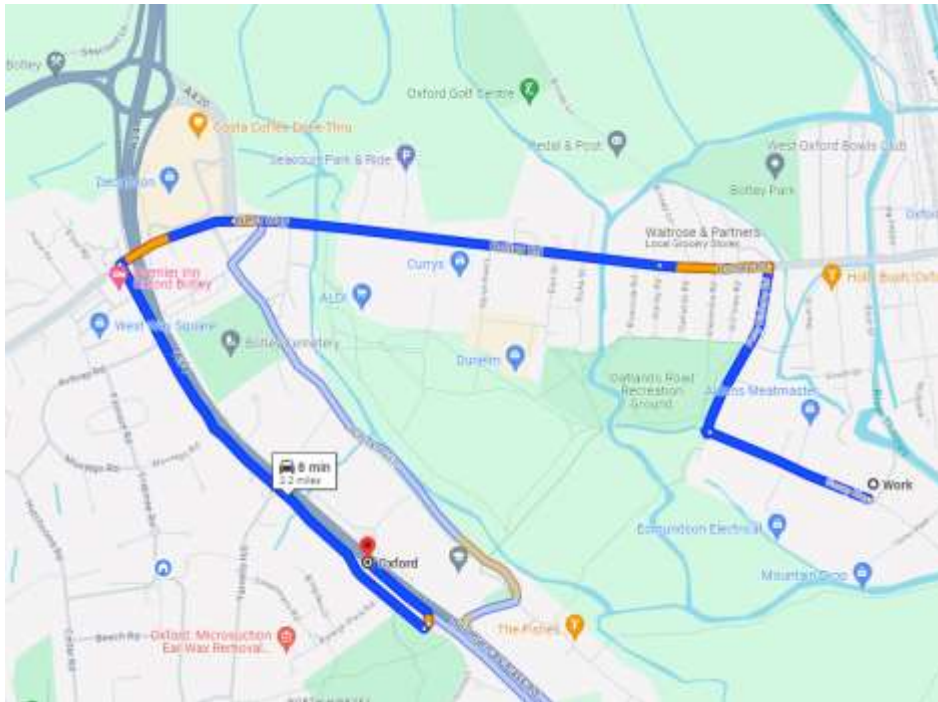

However, if the interchange is closed, then here are some suggested routes:

West: as normal, follow Eynsham Road to Farmoor and Eynsham

North

- Official diversion: Go to Eynsham (as West) and then take A40 to Woodstock Road roundabout and then Peartree Interchange (A34)
- Alternative (shorter): Take Westminster Way (south) to the A34 North

South

- Official diversion: Via Cumnor Hill to A420, then A338 (towards Wantage) then A415 (towards Abingdon via Marcham) to A34 South
- Alternative (shorter): Take North Hinksey Lane (behind MacDonalds) to A34 South
